

Courtney Kimbrough

4636 Burton Ave, Fort Worth, Texas, 76105 | 817-718-6749 | Ckimbrough3@patriots.uttyler.edu

Dear Recipient:

This letter is to express my strong interest in a position to become a math educator. As a current student at the University of Texas at Tyler, I am expected to graduate in May of 2017 with a Bachelor's of Science in Mathematics. My ability to work well with young students, my classroom experience, and my very recent coursework in a variety of curriculum and instruction strategies will enable me to be a great addition to your school.

Throughout my clinical experience and education at the University of Texas at Tyler, I have worked hard to grow as a person and an educator. My goal is to seek a position within your district to work with a team of individuals who share my dedication, and my passion for educating young minds. In addition to my experience and personal qualities, I have a solid educational foundation from my many mentors. I look forward to help students reach their maximum potential.

I truly value education as a vital asset to our society and a right to which every child is entitled, and would love the opportunity to provide students of your school with an engaging and inspiring classroom experience. Please review my attached resume for additional details regarding my expertise and abilities

Thank you for taking out the time to read this and review the enclosed resume.

Sincerely,

Courtney Kimbrough
